Marvin Octavianus Salim Purnama

Aspiring Cloud Engineer · Computer Science Student, BINUS University Bandung
Bandung, Indonesia · +6288214951273 · purnamamarvin716m@gmail.com · LinkedIn · GitHub

SUMMARY

Fifth-semester Computer Science student targeting a Cloud Engineer role. I build AI/ML models, backends, and frontends, and deploy them on GitHub Pages, Hugging Face, and Vercel.

EDUCATION

BINUS University Bandung — B.Sc. Computer Science (Aug 2024 – Present) · Semester 5 · GPA 3.21 (semesters 1–4)

PROJECTS

Potato Disease Detection — Machine Learning & Full-stack Developer · Live demo · Code
- Detects potato leaf diseases from a photo (diagnosis, confidence, advice); built the model, backend, and UI. Tech: Python, ML, HTML, CSS

Tea Disease Detection — Machine Learning & Full-stack Developer · Live demo · Code
- Detects tea leaf diseases from a photo (diagnosis, confidence, advice); built the model, backend, and UI. Tech: Python, ML

MyFakeStore (Front-end Final Project) — Full-stack Developer · Live demo · Code
- Online store with search, filters, cart, checkout, order history, login, and top up. Tech: Next.js, TypeScript

Website To-Do List — Frontend Developer · Live demo · Code
- Task manager with deadlines, search, and custom background, color, and font. Tech: HTML, CSS, JavaScript

ACHIEVEMENTS & CERTIFICATIONS

- **Presenter, ICISS 2026** (ITB, 26–27 Aug 2026): paper *Early Detection of Potato Leaf Disease Using Deep Learning* (co-author)
- **Google Cloud Computing Certificate**
- **BNCC Front-End Development and UI/UX**: both Certificates of Completion with High Distinction (2024/2025)

ORGANIZATION EXPERIENCE

BNCC (Bina Nusantara Computer Club) — Member (Sep 2024 – Jul 2025). Took part in club events and team projects.

SKILLS

- **Cloud & Deployment:** Google Cloud, GitHub Pages, Vercel, Hugging Face
- **AI & ML:** Python, Machine Learning, Google Colab
- **Web:** HTML5, CSS3, JavaScript, React (Vite), Next.js, Bootstrap, Laravel, PHP, UI/UX
- **Databases & Languages:** MySQL, PostgreSQL, Supabase; Python, C, Java, C#
- **Tools & Methods:** Git, GitHub, VS Code, XAMPP, Waterfall, Network Configuration

ACTIVITIES & VOLUNTEER

- BNCC TechDive 2025 *Cloud-Powered Transformation*; BIFEST ElevAIte Microsoft *The Next AI Generation* (2025); 20+ seminars and workshops in total (2024–2026)
- Volunteer in four environment and education community activities (2024–2026)
